Re: Dockless Bike Share Program

Mr. Broadnax:

On November 13, 2017, I mailed you copies of the letters I sent to three dockless bicycle companies as a follow-up to individual meetings held with LimeBike, VBikes, and Spin. Most recently, I left a message for you earlier today, requesting the City of Dallas' assistance with the operation and management of its dockless bicycle program. Anticipating your busy schedule, I previously left messages with your staff about the topic. Regrettably, no one with the City of Dallas has replied to my requests to discuss what has become an important issue for Highland Park.

While possibly an exciting and fun entrepreneurial adventure for the dockless bicycle companies and Dallas, the impact to our town has been anything but that. Resident complaints and the demand on our employees to police the haphazard scattering of bikes throughout our community by the companies' patrons take away from accomplishing the work of the Town.

I look forward to visiting with your appropriate staff to discuss the assistance by Dallas to institute a means for its dockless bicycle vendors to daily collect their unattended bikes strewn around Highland Park.

Thank you,

Bill Lindley
Town Administrator
